Information 2024

## Who We Are & What Makes Us Different?

ISITC Europe is a not-for-profit, membership based, Community Interest Company. It is a catalyst for collaborative innovation within the Capital Markets. We represent a community that represents all operational functions from firms, that span the entire Capital Markets ecosystem from Issuers through to Investors and Academia. Our mission is to drive operational efficiency and best practice within and between key stakeholder groups, through the sharing of information.

We conduct independent, commissioned, academic research on industry issues. Our methodology fuses academia with business knowledge and expertise. To produce papers and journal articles for discussion and further research in the academic community. We also publish executive summaries for discussion and information for financial services professionals. Current projects are: Accelerated Settlement and ESG. Our data gathering includes workshops and in-depth interviews with industry participants across the whole ecosystem.

## Collaboration

We complement other trade organisations that represent specific industry groups by actively collaborating with them to share information to maximise value to our community. (some current collaborations see above)

ISITC Europe is made up of: The Executive Administration Board - who facilitate operations.

- The Advisory Board - invited representatives from regulated financial services firms and market structure organisations, who give guidance on focus and direction.
- Country Ambassadors - who represent their nations view on domestic market changes
- Forum leaders - who represent each of our Industry forum groups.
- Student Society Board - who volunteer to help educate, provide work experience, internships/ultimately employment, for students from 15+.

## Structure

Application to become an ISITC Europe Associate Member is open to companies that support the Capital Markets, including Technology Vendors and Professional Service Providers.

# Corporate Social Responsibility

The Capital Markets ultimately serve the societies in which they operate and the organisations that are a part of their local community. ESG reporting, ratings and Investors, demand real evidence of engagement. ISITC Europe provides the opportunity for your organisation to -

- Participate in community programs.
- Assist in educating young people from diverse backgrounds about career opportunities in the Capital Markets through the Students Society.
- Participate in social and sporting activities with ISITC Europe and its partner organisations.
