EUROPE CIC

Corporate Membership Information 2024

Who We Are & What Makes Us Different?

ISITC Europe is a not-for-profit, membership based, Community Interest Company. It is a catalyst for collaborative innovation within the Capital Markets. We represent a community that includes all operational functions from firms, that span the entire Capital Markets ecosystem from Issuers through to Investors, including Academia. Our mission is to drive operational efficiency and best practice within and between key stakeholder groups, through the sharing of information.

We conduct independent, commissioned, academic research on industry issues. Our methodology fuses academia with business knowledge and expertise. To produce papers and journal articles for discussion and further research in the academic community. We also publish executive summaries for discussion and information for financial services professionals. Current projects are: Accelerated Settlement and ESG. Our data gathering includes workshops and in-depth interviews with industry participants across the whole ecosystem.

Collaboration

We complement other trade organisations that represent specific industry groups by actively collaborating with them to share information to maximise value to our community. (some current collaborations see below)

Structure

ISITC Europe is made up of: The Executive Administration Board - who facilitate operations.

- The Advisory Board - invited representatives from regulated financial services firms and market structure organisations, who give guidance on focus and direction.
- Country Ambassadors - who represent their nations view on domestic market changes
- Forum leaders - who represent each of our Industry forum groups.
- Student Society Board - who volunteer to help educate, provide work experience, internships/ultimately employment, for students from 15+

Membership Benefits For You And Your Business

The most Important source of “Capital ” in the Capital Markets is Human Capital. Without motivated experienced and knowledgeable people your business will not succeed. ISITC Europe provides the opportunity for your staff to -

- Develop their market knowledge through Industry briefings, face to face and online events, participation in forums etc.
- Develop their contact base within the market through engagement with other members.
- Gives them the opportunity to participate in, lead and manage made up of different skills and functions in our forums.
- Represent their firm as an active participant in the industry shaping its future.

The Capital Markets ultimately serve the societies in which they operate and the organisations that are a part of their local community. ESG reporting, ratings and Investors, demand real evidence of engagement. ISITC Europe provides the opportunity for your organisation to -

- Participate in community programs.
- Assist in educating young people from diverse backgrounds about career opportunities in the Capital Markets through the Students Society.
- Participate in social and sporting activities with ISITC Europe and its partner organisations.

Business Development

Business is not only about what you know but also who you know and who knows you. In today's highly competitive markets, getting engagement with your counterparties and building relationships is difficult. ISITC Europe provides the opportunity for your staff to -

- Develop professionally based collaborative relationships through engagement on industry issues as a part of a forum, or at round tables, or being on a panel.
- To host industry events where your marketing and sales teams can meet their customers.
- To demonstrate thought leadership by producing or sponsoring articles and white papers, which can be published to the ISITC Europe community and beyond.
- To sponsor authoritative research where your business can be engaged as part of the research process.

Understanding where business processes can be improved, or where the adoption of new technologies would bring significant benefits, whilst understanding the risks involved is difficult; if the organisation cannot look outside into the wider market. ISITC Europe provides the opportunity through

- Forums, roundtables and other events
- Website publications and recorded interviews with industry experts.
- Academic to business research.
- Independent Industry briefings

Next Gen Outreach Goal

- ISITC Europe is in the process of setting up the Student Society Program. Our aim is to educate and develop those working in, and to open doors into businesses for students from 15+, especially those from less privileged backgrounds. The program will promote diversity, inclusion and talent development to help fill the impending skills gap that the industry faces. It aims to provide access to in-depth insights into the industry, through industry engagement, video Interviews, visits and qualifications through our partners.
- Establishment of a Student Fund: To facilitate education, training, mentoring and entry by young people, who would not ordinarily consider or be able to finance a career in financial services.
- ISITC Europe members who want to give back can volunteer to represent their firm on the Student Society Board.
